Product Returns for Repair:

All CTI Electronics products which are under warranty may be returned for repair. CTI extends a five (5) year repair policy for all sealed enclosure products, as noted by the serial number. After warranty, Open Frame products are not returnable for repair.

Products may not be returned to CTI Electronics Corporation without an RMA Number. Contact CTI Customer Service at (203) 386-9779 to obtain a Return Merchandise Authorization (RMA) Number and a quote for the estimated cost of repair. The Limited Warranty applicability will be determined at the time of RMA issuance.

CTI will, at its sole discretion, determine whether any returned product(s) is/are repairable. If the cost of repairing any product exceeds the quotation, then the customer will be called to advise them of the cost difference and to obtain authorization prior to proceeding with the repair.

The issuance of an RMA Number by CTI Electronics Corporation does not obligate CTI Electronics Corporation to repair or replace the subject product(s), or to issue credit to the company returning the product(s).
