Ergonomic Front Door shown in Operating Position

Captive Screw 10-32 Thread (both sides)

The front door design is patented by CTI Electronics. The ARROWMOUSE™ is a Patent Pending product of CTI Electronics Corporation.

Notes:
1.) All Dimensions are in inches.
2.) Ergonomic Front Door folds down to provide hand rest for operator.
3.) Drawer Rails are rated at 80 lbs. load each and are adjustable to accommodate mounting depths from 18" to 24".
4.) Rails have 13.5" inches of travel, and lock in the extended position.
5.) Door and drawer bottom are aluminum, painted putty color.
6.) Refer to CTI Electronics Applications Note 811666 for ARROWMOUSE™ operation.
7.) All mounting hardware is included.
8.) Consult Factory for other configuration options.
